Volume XIX

As the school year comes to a close, we look back at it, gauging it in our mind's eye. For some it is the last year of high school, while others may have more time at Bedford High School to contemplate upon its significance. Some will think about the successfulness of this year, and the goals that he or she accomplished. We will remeber the friends we made, the teachers that had a significant influence on our lives, the inside jokes, clubs, sports, and everything we participated in since freshman year. We've grown into a tightly knit society, by working together and creating an environment that we have come to appreciate. We will have these cherished memories to reflect back upon for the rest of our lives.

Spirit games

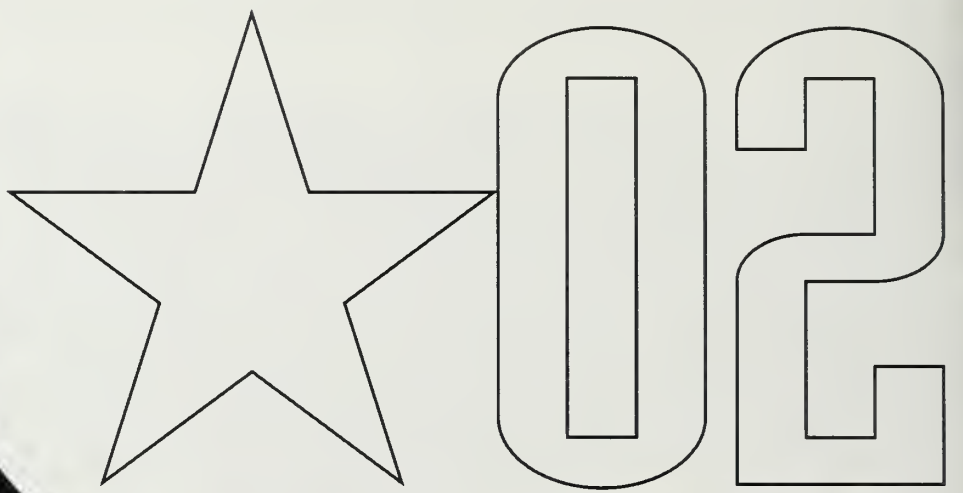

"...a fun time had by all..."

The 2001 Spirit Games were an excellent start to the school year, helping to bring students and faculty together to show support for their school. It was the first time in nearly ten years that the Spirit Games were run as part of the annual pep rally. Organized by Mrs. Paula Gullage and emceed by Mr. Dan Hunt, it was an exciting conclusion to a week of enthusiasm that surely will manifest itself in the coming years.

BHS 2002 YEAR BOOK

Yearbook. The mere mention of the word strikes fear, panic, and (strangely) pleasure in my heart. I'm not sure what to say. Producing this yearbook has been quite an experience. There have been a lot of people in and out of the room helping me out in (many) hours of need. First and foremost, I'd like to thank Mr. Rinaldi, who spent even more time on this book than I did. I don't really understand how you managed to understand exactly what was going on... I'm still in a daze! Never forget our late-night yearbook sessions, special orders from Mom, keeping the room clean. Sarah A.: Thanks for taking on the role of Business Editor even though "never knew what was going on." You put in an incredible amount of effort, doing layout, collecting pictures, and also acting as boss of PR. Thanks for taking my "constructive criticism" in stride (and always knowing when to tell me I was wrong. Loudly). Does your phone ever stop beeping? We had quite a few shouting matches... which reminds me of Robin. Robin: Thanks for your dedication always getting pictures (usually) whenever I needed them. Also thanks for dealing with us losing your photos and then blaming you. Many times. Your brazen comebacks to absolutely everything I had to say will affect me forever. Sarah S.: Thanks for fitting yearbook into your busy schedule. You never came after school, but were able to have sports pages ready on time. I am very impressed and humbled by your ethic. Wyatt: Thanks for making yearbook dangerous. No, I don't think you'd be able to cause me bodily harm. Seriously, thanks for always getting the pictures when I needed them after Robin left for basketball. You have some crazy organizational skills... stop eating my Kit-Kats!! Jamie: Thanks for saving my butt on deadlines four and five. You were the only person I could depend on for a good stretch of time. You're going to have lots of fun next year with Wyatt and Ming. Ming: Thanks for coming to help for deadlines six and seven, and for staying later than I could ever tolerate (five o'clock!), consistently. Anu: Thanks for stealing water. Don't worry, Japanese food made up for it. You have quite an eclectic writing style... nice captions. Andy: thanks for coming "just to visit" or to steal photos and then letting us talk you into doing work. The Counters (Rachel, Tanya, Catherine, Jessica): What happened? We had you for about a week, and then poof, gone. Thanks for tabulating superlatives. Jason: Thanks for driving us to plant in your van, and for designing the Cover That Never Was. Summer People: Adam and Ken: for being the only people that came to the first summer meeting, and for helping to redesign the flow of the book. Ashley and Courtney: learning how to use Pagemaker and then never using it alone. Thanks for getting me out of number jams during X-block. Nancy: You survived. Jamie: for the lax page. Danielle: You don't even go to this school! Thanks for counting all the favorites with Mom, and learning how to do pages. You'll have fun with yearbook next year. There will be pretzels and "popsicles" and water to satisfy you! While it's been lots of hard work, yearbook has been a lot of fun. Good luck to the those who follow: yearbook's not for the faint of heart. The occupational hazards are everywhere -- little kids that have to pee, cramped quarters, odd smells, a perpetual mess, and crashing computers. It's all worth it, though, for the final product. I hope all of you will cherish and appreciate the book as much as I am proud of the work put into it.

Your Editor, Steven Shamlian

Football Insight

"Better Every Day" was the motto that the Bedford High School Football Team lived by in the 2001 season. From the dog days in August to the cold November nights, the Bucs always played their hardest and improved from day to day. With the leadership of the team's eleven seniors and some juniors stepping up to the challenge, the Bucs looked good from the start. Beginning the season with a 2-1 record is a task that the Buccaneers hadn't accomplished in the 21 years prior to 2001. Hopefully, the Bucs can achieve the goal with has always been in the hearts of each of the players since their freshman year: winning the Dual-County League.

Cheerleading

Bucs Best

The BHS cheerleading squad of 2002 is a very unique squad. We have our differences and our similarities. We all work hard, and enjoy cheering for our school. This year's captains are Jackie Adams, Michele Farina, and Sarah Caban. Our squad is full of experience, with six returning seniors. Newcomers to the squad add talent and even more spirit. Coaches of the squad are Ms. P. Gullage and Ms. K. Gullage. They are the best coaches and support us 100%. Cheerleading is a very intense sport. It is a mixture of dance, aerobics, and stunting. Every year we also compete in multiple competitions. These routines consume all of our time and every bit of our energy. We work, play, compete, and sweat just as hard as any team. We also have the same goal, to be first in our DCL league. With every bit of confidence we will reach our goal.

Boys' Soccer

This year, the Bedford High School Boys Soccer Team had another outstanding season. With a final record of 12-4-3, the Bucs made a fourth successive appearance in the North Sectional Tournament. Led by captains Ryan Wilson, Matt Krueger, and Dane Mahoney, the team began practicing in late August, and ended in early November with an intense match-up against rival Wayland for the North Quarterfinals. With the loss of eleven seniors from last year's team, many called this a rebuilding season, but as the play-

ers proved, this was merely a continuation of the success experienced in previous years. Beginning with a win against a highly skilled Andover team, the Bucs went on to defeat such powers as Concord-Carlisle, Westford Academy, and other cross-town rivals. Every member of the team contributed a great deal to the success of the season, whether it was scoring goals, playing solid defense, or encouraging from the sidelines. Alex Iwanchuk, Richie Vopicelli, Chris Costa, and Tyler Gray will captain the Bucs for the next year's season.

The Girls' Varsity and Junior Varsity soccer teams had very successful seasons on and off the field. We started our hard work late in the summer with practices close to six o'clock in the morning(!), but we made it through! We grew as a team, and learned about each other as people, and as players. Although our record may not reflect the true success that we experienced this past season, we really did grow as a team and as a program. In a league like the Dual County there is something to be said for perseverance, and the girls' soccer team has got it. We take every game as an opportunity to improve and develop, and work hard for victories within the team. This year our efforts paid off in the game versus Rockport, in which we were victorious. This past season the team was lead by its captains, senior Margaret Low and junior Jen Caban, and seniors Mary-Kate McNamara, Ashley Campbell, Courtney Campbell, Kate Valente, and Liz Townsend. The remaining members of the team are young, but have great potential. Great things can be expected for the future of the girls' soccer program at Bedford High.

Following two successful seasons which each ended in All State competition, the Boys Cross Country team was back for more in 2001. Both the boys' and the girls' sides lost several valuable runners to graduation, family relocation and later on, injuries. These things didn't slow anyone down, however, and they dug to have most runners set personal records by the end of the season.

The teams succeeded despite numerical disadvantages thanks to the leadership of captains Patrick Allen, David Weston, Jenny Boscho and Sarah Sheppard. They, along with returning runners Tim Churella, Whitney Dorer, Sam Morgan-Cleveland, Dave Gerberg and Emily Frank, set strong examples for the younger runners. Those less experienced runners included freshmen Jimmy McNamara, Nishanthi Gunasekara as well as Ami Mischler and Megan Greer, who were all getting their footing on their first high school XC seasons. Looking ahead to next year, the Bedford Cross Country team is sure to have a bright future under the talent, dedication and leadership of Tim and Whitney, and of course Coach Eric Dube.

Field Hockey

For the 2001 field hockey team their record was no reflection of the effort that they put in. This was a building year where for the first time they began to integrate the team with talented players of many different grades, with only six returning varsity players, including captains Lauren LeBlanc, Goalie Tricia Mizzoni, and Kate Weston. Helping Tricia out in the goal was defense players Kim Bernardo, Michelle Hagar, and Rachel Miller. Halfbacks included Candice Duprey, Lauren Gray, Lauren LeBlanc, and Emily Sheehan. Links were Colleen McGovern, Jillian Russo, and Kate Thomas. The forward line was Rachel Arabasz, Megan Asp, Juliana Disanzo, Kellie Henderson, Rebecca Trigg, Kate Weston, Nancy Yeh, and freshman Maggie Brogan. The leading voice behind the team was second year head coach Beverly Barton, who encouraged the team with her words of wisdom, "this is a program" and "you may not see it now but it will pay off in the end". With many close games against tough competitors, this year the BHS field hockey team of 2001 made their mark in the very competitive DCL.

Golf

The 2001 Bedford Golf Team had a very successful season. The team finished with 11 wins and 5 losses to finish 3rd in one of the most competitive golf leagues in the state. The team was led by sophomore Patrick Sullivan, one of the strongest players in the Dual County League. Pat constantly turned in excellent performances in matches, and he was always willing to help teammates with their games. The team's foundation came from its 8 seniors: Mike DeBartolo, Dave Lefebvre, Eric Macdonald, Ryan Lucas, Josh Savitch, Mike Deen, Steve Kerwin, and Elie Rivollier. Macdonald and Lucas brought their games to new levels for the 2001 season, and impressed many with their solid play. Mark Amato, a Junior, in his first varsity season, came up with "Amato magic" to help the team achieve victories over strong teams such as league champion Acton-Boxborough. Josh Savitch and Mike Deen contributed to the team with their unyielding veteran leadership. Elie Rivollier, in his first season with the team, worked his way into some varsity matches and always had an even temperament. Dave Lefebvre constantly intimidated his opponents with his long drives. Steve Kerwin, the sole-lefty on the team, helped improve team morale with his sense of humor. The French foreign exchange student, Emeric Bougerie, showed that the French are just as good golfers as the Americans. The talent that Juniors Brett Boghigian and Adam Chan exhibited during the year should give the 2002 team some hope. The team would like to thank its coach John Reynolds for his steady leadership and dedication.

Swim Team

The Bedford Swim Team was once observed by another team's coach as being the happiest we have been in a long time. The new attitude can be owed partly to the wonderful leadership of our coaches, Cissy Westercap and Dotty Blake. The two have provided support, humor, and friendliness throughout the season. The new attitude, I believe, has been the leading factor in the two meets that we have won this year. Also, we have had a large, lively addition of new members, mostly freshmen and sophomores.

Our small but polished boys team has been doing unbelievable, considering their size. The girl's team is larger, and has many younger members who show much dedication and hope for the future years. The diving team, consisting of two members, has greatly improved this year and is one of our winning factors in meets. This year has brought much accomplishment and promise for years to come. For the fifth year out of the last six and the fourth consecutively, the rifle team had a perfect season with 14 wins. None of the shooters from last year graduated, so almost all of the team had at least one year of shooting experience. The veteran team led by captain Jake Buttrick and assistant captain John Hart shot extremely well, with match scores reaching near 890, a score that hasn't been reached since the early 1970s. Colleen Quinn had the high average score, and John Hart shot a record-shattering score at the Metropolitan Rifle League championship. Seven of the team's fifteen members will be graduating this year, so next year will be a rebuilding year. Good luck to them.

Lifetime friendships were made and the memories we all shared will hopefully stay with us forever. The seniors, Keisha Boykin, Robin Lowe and Sheena Santos will be sorely missed next year. Hockey

This year was a step up from last season. We were a very young team, having five freshman stepping up and playing a majority of the games. Freshman starters were Chris O'Brien, Scott Rossi, Mark Sargent, Nick Robles, and Mike O'Reilly. Other freshman that saw fewer shifts were Robert Basile, John Fuerstein, and backup goalie Storm Tillman.

Billy Wilson was the only sophomore on the squad. He made great improvements as the season went on and played an important role on the team.

Juniors were Richie Volpicelli, Ian Sullivan, Tim McGrath, Emeric Bougerie, Dave Basile, and goalie Scott Wright. Scott had a tremendous season as starting goalie. He had many amazing games and he kept the team in many close games.

At the start of the season, there were three seniors on the team: Dave Bratton, Mike Sargent, and Pete Spencer. Later in the season we had two seniors come out for the team, Josh Savich and Jim Grande. Mike and Peter were named captains of the team. Mike had an amazing year, playing forward and defense as needed. Mike was on the ice a majority of time working as hard as he could every minute.

The team would like to thank the coaches for an amazing year, as well as for their persistence during 9 am practices. Both head coach Mike McGrath and assistant Peter Dion were named coaches of the year and the team would like to congratulate them on their awards.

The last thing the team would like to say is to all of the underclassmen, play every game like it is your last. Know that the next season will be there and gone before you know it.

Ski Team

This year's ski team began with meeting a new coach, for the second year in a row. Coach Mary Johannessen worked the team through land drills for the month of December with captains Dave Lefebvre and Sarah Sheppard helping her out. On the ski slopes the boys' varsity team was mainly composed of Dave Lefebvre, Chris Dutton, Owen Harris, Jon Cogliano, and Chris Springer. The girls' varsity team was made up of Sarah Sheppard, Rebecca Trigg, Jenny Boshco, Katherine Amato, Alyssa Theodore, and Sabrina Stuka. Bedford raced against some of the best teams in the state and while the team wasn't so competitive, they had a lot of fun. The team that was composed mostly of underclassmen has great potential and this should contribute to a great team next year.

Indoor Track

The indoor track team hopes to continue its success this year despite the losses of some incredible seniors, such as Josh Pierce, John McGue, Jon and Heather Twombly, Liz Deweerd, and Christina Lee. Once again we expected to be whipped into shape by Assistant Coach Will Thompson, who succeeds in conditioning us with distance runs at the beginning of the season and then sprints around the front parking lot once the snow begins to pile up on the track. The team's popularity seems to be increasing each year, adding many fine runners to help the team to be able to compete in every event. The number for the girls team are especially encouraging because of last year's many outstanding individual performances. Individual qualifiers from last year were, for boys: Corey Bagget in the hurdles, Alex Iwanchuck and Ryan Willson in the 300m, Tyler Gray in the 1000m, and Dave Webster in the mile. For the girls, Kate Valente in the 600m and Krista Harrington in the 300m also hope to qualify for the state competition again. Good luck in the upcoming season! All our hard work will pay off.

Boys' Lacrosse

The Bedford Lacrosse program has gone through considerable rebuilding since three head coaches left the program. However through the leadership of Coach McGrath and captains David Weston, Tommy Matteo, and James Reinhardt the team has pulled itself together into a true competitive force in the D.C.L. This year the team was able to pull out some great wins and build the team work and confidence to carry the team to the state tournament this coming year. With only losing two players from last year, returning seniors Dave Weston, James Reinhardt, Jim Grande and Nils Sandell combined with talented younger players, Steve Gannon, and Mike Lynch the Bucs have all the talent they need to reach their intended goals.

k before a match.

The Bedford Girls' Lacrosse team marked another great year and milestone since the sports' inception at Bedford High. The girls played the 2001 season as a Junior Varsity team, perfecting our skills and winning nearly all of our games. Our success can be attributed to our love of the game, instilled in us by our returning coach, Pam Paquin, as well as our desire to create a strong foundation for the program's future. In order to prepare for the 2002 season, players attended numerous camps and played in the Boston University Summer League. Because of our year-round commitment to maintaining our skills, we are eager to take the next step of having the team play at Varsity level. Not only has the girls' team grown in its success, but also in numbers. It attracted beginners from all grades and enough 9th graders to start a freshman team. The freshmen caught on to the game with unbelievable speed thanks to their new coach, Karen Geagen, and help from the JV team's more experienced players. Bedford plans to have its first Varsity team in the spring of 2002 and readily awaits the challenge of more competitive play.

Boys' Baseball

The baseball team had a good season this year. We went 11-9 overall, with a 10-6 record in the DCL which was good enough for third place. Senior Jimmy Higson was strong at the plate. Senior Greg Trelegan pitched a few good games and had a couple of wins to his name. Junior Danny Fagan, sophomore Tim Brady, and sophomore Ian Sullivan rounded out the strong pitching staff. Junior Dane Mahoney (3B), Junior Mike Sargent (SS), Tim Brady (2B), and senior Craig Warrington (1B) played most of the infield duty, and made some fine plays. Juniors Pete Spencer and Dennis Griecce covered the responsibilities behind the plate calling the pitches. Senior Jimmy Higson (CF), junior Tim Busa (RF), and sophomore Rich Vopicelli (LF) played well in the outfield, coming up with big catches when needed. Jimmy Higson, Craig Warrington, and Peter Spencer lead the team in hitting, along with key hits from other members of the team in clutch situations. We hope to improve on our success, and have an even better season next year.

Girls' Softball

LADY BUCS

Even though the softball team is facing a big loss after graduating eight seniors last year, they are looking forward to a fresh start with many talented upcoming players. As this season approaches the team awaits for their seat in the state tournament. If they make it it will be their 13th year in a row of making the tournament. Returning are seniors Jackie Adams, Nicole Farina, and Katie Connor; and juniors Lindsay Hartwell, Courtney Little, Nikki Lua, Sarah Armstrong, and Michele Hagar, coached superbly by Dave Wilson and Kelly Gullage. With the help of the coaches these girls will lead the Lady Bucs to yet another victory.

Boys' Tennis

The 2001 season was a success. Although we did not win the state championships, we accomplished many other feats that were deemed impossible just four years ago. In the past few years we have established ourselves as a force in the DCL, and we took one more step in the right direction this year. We finished off the season with a 15-1 DCL record and a 16-2 overall record, sharing the spot of DCL champs with rival Concord-Carlisle. We were the only team in Massachusetts to beat CCHS; and we did it in convincing style, romping them 4-1. Freshman Chris Kiely came up big this year adding a lot of depth to the lineup and moving up to 2nd singles after a few matches. Also, Kevin Redmond, a whole heap of talent wrapped up in a basketball player's mindset, proved his domination after absolutely smothering opponents at 3rd singles. Michael DeBartolo and Johnny Whallon were a force to be reckoned with going undefeated at 2nd doubles, as were Brian Pantano and Erik Kachelmeyer at 1st doubles. Brian and Erik made All-Scholastic for the Boston Globe. Senior Captain Nathan Grey switched off at doubles this year racking up some big wins. Chris Long and Phil DeMeo look to make an impact as well; they came one match away from All-Scholastic. Also, keep an eye out for freshmen including Chris Redmond looking to dominate in the near future. We hopefully will have won states by this time.

Girls' Tennis

The girls tennis team hasn't exactly been at the top of its league in the past years, but the effort behind each match has always been strong. Captains Kristen and Liz pushed the team, by having a daily run, court line sprints, and stretches to get the team in shape for the season. The enthusiasm on the courts could be seen by all of the hopeful fans. Even after a loss the teams spirits never diminished, especially with the crazy Jenny and Lisa who never failed to make the team smile. Coach Aldo, as the girls called her, never discouraged the team, and to every game brought popcorn, her famous dried apricots and peas, and at Nancy's request, melon Gatorade, which would happily motivate the team. Next spring is a new year and a fresh start. Captains Pam and Nancy hope to do as good a job as the previous captains, although a tough act to follow. With the enthusiasm and energy, the girls have a definite possibility of a long awaited victory.

Spring Track

though the track team did not experience success this year, we sure had a lot of fun! The team members worked in unison and there was a lot of support for each other. Our coaches helped us achieve our personal goals and overcome great feats. The distance team, Jenny Boshco, Emily Frank, Sarah Sheppard, Keith Egan, Tim Churella, and Phil Aiken, had fun on their long runs! Alex Iwanchuck, Josh Pierce, Tyler Gray, and Corey Maggett worked hard during track workouts. The Caban twins were the core of the girls' track team. With more experience the boys hope to be more competitive next year.

Jemini Abraham

First and foremost I would like to thank God for giving me life and making me who I am. Without Him, I have nothing. His love and his guidance is what have allowed me to make it this far. Next, I would like to thank my parents. I just want to say, that I am so grateful for all that you have done for me. Not once, have I doubted your love. Your guidance and your love is what have formed me into the person that I am today. You've been there for me through it all, even when things were rough and you have shown me support in all that I've done and for that I am sincerely thankful. I am blessed to have parents like you. Next I'd like to thank my brothers, Tinku and Kevin. You guys have been there since day one. Being in the middle has not always had its benefits, but for one thing I had both of you guys looking out for me. You guys have been there through everything. Even when things were hard, you knew how to put a smile on my face and I just want to thank you for being my brothers. Next I want to thank Sheena and Shilo. I just want you guys to know that you are like sisters to me and honestly I don't know what I'd do without you. You are my rock, a shoulder to cry on, someone to laugh with, someone to listen to me complain and someone to show me right from wrong. I feel blessed to call you my sisters. Next, I want to thank my grandparents, cousins, aunts, and my uncle for believing in me and showing me unconditional love. Now I'd like to thank my friends. Keisha, I just want you to know, that I'm so grateful to have you as a friend. Coming to BHS was a hard move, but I am truly grateful for having met you. We have built a friendship that no one can break. We've been through so much together and you've been there for me through all that I've done, never doubting me and seeing me for who I was. Jenny B., you're one of the coolest people I know. We've had a lot of good times together, especially in homeroom, with the three of us just acting silly, these memories I'll never forget. Justin, I can't believe we've made it this far. You and I have been through everything together. You have shown me your love and support since the day we met and I am lucky to call you my best friend. You and I have something truly special and for that I am thankful. Sherin and Sarah, you guys will always be my girls. We've been through so much. You guys never let me down and you were always there when it really mattered and for that I am grateful. I would also like to thank, Jason, Alex, Liz O., Pien, Liz N., Shirley, Marissa D., Katy K., Jay, Colleen Q, Alexis R., Adonzia G., Christine C., Bellmary R., Liz T. and Kyrston W., all of you guys have a special place in my heart. Lastly, I want to thank all my teachers. It is through your guidance and support that I am here today. In my mind, you are all true heroes, making a difference in the lives of so many. I will never forget any of you. Thank you.

Activities: Cross Country: 1, 2, 3, 4; XC Captain: 4; Spring Track: 1, 2; Science Team: 2, 3, 4; Environmental Club Leader: 4; National Honor Society: 3, 4; Debate Club: 2, 3. This may sound like a bit of a cliché, but I truly do not believe I am writing this. It seems like so recently my friends and I were just freshmen getting accustomed to the pace of high school life, and now all of a sudden I'm writing my senior thanks. At the same time, though, I know we've really packed a lot of fun and adventure into those four quick years, and I have a lot to acknowledge. I'm looking at the clock and frowning—Steve wants this tomorrow and I am realizing that this will be a bit of an undertaking. I'll keep it orderly and thank the big groups of people I've been involved with, and get more specific from there. I will start with the Cross Country team. I'd just like to thank all my teammates, both past and present, who have all had a huge effect on my high school life. You all know who you are that have helped make the team the tight-knit family it is. Although this family has gained and lost members over the years, it has always been welcoming and supportive from my freshman through senior years. I must extend my thanks to the members

and leaders of Bedford's Boy Scout Troop 114. It is to your guidance, support, and leadership, that I owe a large part of what I am today. Thanks to your efforts, I am an avid lover of the outdoors, have become both more responsible and more independent, and have had the strongest friendships of my life forged. I could not be more proud to say I earned the Eagle rank in 114. Thank you to the whole AP Chemistry class from last year, and especially to James Kotwal, Ani Ravi, and Jerry Gao. The workload of that class really pounded me, but your sadistic humor and ridiculous inside jokes always kept things in perspective. I also have to thank Jerry, Steve Shamlian, Ani and Andy Shen for all the great times we had producing our Spanish videos and all the other projects we've worked on together. Thanks, Steve, for always patiently allowing us to invade your house for the video projects! And one last thing for Jerry: you're a sicko, you're totally nuts and I'm often a little bit afraid of you, but you have helped make school what it is since sixth grade and I gotta thank you for that. I have to thank (in purely alphabetical order) my closest friends now, both in and out of school, with whom I've been hiking, biking, skiing and running since before I can remember. Jake, thanks for the years of riding and the many miles of backpacking we've shared, and the fun we've had on the water and on the snow in New Hampshire and Maine. No matter what season it is, I know I can always get you out there with me. Dave, as much as we all harass you, we admire your adventurous spirit, sense of humor, and determination. It's been a pleasure running with (often behind) you for the past five seasons. As for Mark, well, I don't always understand you, don't always want to, but you've been quietly working hard this whole time and you will clearly go far; you must be doing something right. Steve, you may well be the most rational one of us all, and I'm really impressed with the challenges you set for yourself in school. It doesn't surprise me, though, that you're always the last one I can count on to accompany me on one last ski run at the end of a long winter day. Finally I come to my family. You have been the ultimate guiding factor in my life, you are responsible for almost all the experiences I've had and lessons I've learned. Thank you to my sister for always being there to support and encourage me, and thank you for persistently prying and forcing advice on me whether I liked it or not, because I usually needed it. To my brother in law, Peter, I thank you for being such an interesting person to talk to, ski with, and generally hang out with. You are more of a role model than you realize. And to my parents, even though I don't like it when you worry frivolously, thank you for being able to allow me the independence I've enjoyed, and thank you for trusting me with so much responsibility. Thank you for yelling at me to get a job, and reminding me to maintain my commitments in school and sports. I still shudder when people tell me I'm just like you, but when it comes to the many rational attitudes and positive qualities you have, and even the quirks, it turns out that that's not such a bad deal after all.

Rachel Arabasz

I would not have been able to make it through high school, or do anything else for that matter, without my Lord and Savior Jesus Christ. He has helped me through everything, in part, by giving me my family. Dad, I have learned more from you about the world, and about myself, and about life than from anyone else, and I thank you. Mom, you are the most patient person I know. Not many people would have been able to put up with me. I love you both. Katie, you are a good friend and a great sister. Thank you for keeping me in check all these years. Frankie, you're a funny guy, don't change. I look forward to seeing what you do with your life. Becky, you've learned a lot from me, or maybe the other way around. Make sure you keep mom and dad on their toes. Evan, I cannot look back on high school without thinking of the good times we had. This is it. I'm out of here! Mom and Dad: I love you both. Thank you for always being there, making sacrifices for me, supporting me, putting up with me, spoiling me rotten, giving me intelligence, letting me dye my hair, taking care of me when I'm sick, driving me to skating lessons, and so much more. I know there were times when we didn't get along too well, but in the end I think everything has worked out for the best. Just remember that I truly appreciate you. Now that I'm going to college you should get a dog! The rest of my family: Russell, Eric, Kris, Alice, Lucy, Aunt Carol, Uncle Bob, Kelly, Uncle Rick, Becky, Jen, Grandma, Grandpa...the list goes on...I appreciate and love you all. Christina: you are my oldest friend and I never want to lose touch with you. Since we were three years old we've traveled to New York and Hawaii, talked online, visited each other during Christmas and summer vacations, and known each other like family. I don't think that I could imagine these fifteen years without knowing you. Beth: even though you live in California now, I still remember you as if you were here. We had some of the greatest times hunting for beanie babies and collecting dolls, making macaroni and cheese on half days, and doing all of those church and Bedford Santa activities. You're one of the kindest people I've ever met. BHS: All of my teachers: without you I would know absolutely nothing. You've taught me more than I ever thought possible. Underclassmen: Allison, Lisa, Stefanie, Ricardo, Anna, Jeff, Chris, Aaron, Travis, Dara, Michael, and Tony: just know that I think you're cool people. Michelle Yen: I know that we drifted apart over the years, but let's never forget knowing each other. Kara: I'm so sorry to be leaving you! But don't worry, I'm going to come back and visit. You've been my neighbor and my bus stop buddy and a good friend. Class of 2002: Alexis, Colleen, Ben, Ed, Joe, Adam, Matt, Leslie, Jemini, and Bellmary: thanks for being nice to me. John: my experience with you was like a roller coaster ride that crashed at the end of its journey on the tracks. However, you taught me about guys and I'm glad you gave me a chance. It was a nice couple of months. You have a great sunroof. Julia: I'm not quite sure what happened these past couple years. Lots of little conflicts became bigger and never really got resolved. I no longer hold a grudge against you though...just keep that in mind. Liz T: I'm sorry about everything that's happened. I never wanted to be cruel to you, but I was. Please forgive me if you can. You look at reality in a way that nobody else does, and I admire that. Pam: I don't think that law, math, and English would have been the same without you in my class. You can always make me laugh. You're one of the smartest people I know. Believe it! I can totally see you as a lawyer. Thanks for always being there. I wouldn't have made it through sophomore year without you. Tracey: ever since Girl Scouts I've thought of you as the quietest girl. But now I know that you've got a ton to say! Thanks for keeping it real, psychology and history classes, always hearing words that are completely different from what I say (it's wicked funny), adventures near and far, and preventing me from doing stupid things. Jenny: you make life a whole lot more interesting...like the way you run out of your house or come up with your

own vocabulary. Stealing bicycles. Watch for those tornadoes! Our little complaining club was always a blast. Never forget our trips to Barnes and Noble and that fattening ice cream place. Katie: I have no idea how we used to fight over American Girl trading cards. How silly we were. From Camp Wabsso to having our own jobs, life has always had its perks. Drinking milk while climbing tress, sleep over parties, running through the rain, boys with J names, Christmas parties, lousy days and splendid days. We are the Katies, the pure ones, and we have scary things in common. You're a kind-hearted girl. I can always count on you. Cassie: you rebel you. Yeah you heard me! Hip hop music at the club was great even though we're white. Thanks for giving me a spray bottle to keep Rufus away. Charlie's Angels and New York trips. Hair dying. Hitting my car. I'm happy that you stayed here and I got to know you a whole lot better. Back in Girl Scouts we sort of hated each other...imagine that. Lindsay: we just can't stop talking. That's all there is to it. We're so funny but we also know when to be serious which is what's so great. Charlie's Angels, complaining clubs, speaking French, countless adventures everywhere, Barnes and Noble, boys with J names, onions and peppers, loud music...good times. I'm grateful that we became friends. You've talked some sense into me and also made me laugh. Liz O: where can I even begin? There's no way I could have survived high school the way I did without you there to give me advice. You've encouraged me to do things I never would have done. You can always laugh and see the bright side of situations. You opera sing rap music. We've spent way too much money on clothes, met interesting people, taken bizarre and adventurous journeys, eaten pasta and fish, and talked on the phone about nothing and everything for hours on end. Let me say right now that we can never ever lose touch! So...I'm finally done. I think. I hope. Wish me luck everyone! Bye. Until we meet again...

The past few years have been the most eventful of my 17 (almost 18) years of living. Although I complain (often) of how I wish I had the chance to spend my high school years anywhere but here and how once I leave this glass box, I want to forget that I ever lived here (Sorry Mom!), there are a few people that I have come to know, appreciate, and in some cases love. I never want to forget all that I have learned from you and all the great experiences we have shared. Mommie...I truly am my mother's daughter. You are my best friend, my mentor, my idle, my strength, my comfort, and the person I laugh and cry with the most. You are everything that encompasses being a GOOD MOTHER & FRIEND! We have a relationship that many admire. Thank you for knowing me even before I knew me and letting me grow into that person. Thanks for: Exxon Car washes and funny noises when I was little, trying your best just for me, manicure/pedicure Saturdays, barbecue, a shoulder to cry on, being unconditional, listening to me breathe on bad nights, driving lessons (when I get my license, I will be so good a it!), introducing me to thick cut BACON, Ann Taylor Thursday Nights (and other Girl's Night Outings), bad hair days, your faith, cereal with no milk and Kool-Aid with no sugar, etiquette, summer reading, being patient, not wanting to see me cry, making breakfast after prom, nail polish, sacrifices, giving me your full attention (sometimes) even though it is a demanding job, late night cramming sessions, letting me borrow this and that (and this and that), my brothers, understanding that I will never be a domestic woman, your laugh and smile, missing me when I'm gone, Alvin & the Chipmunks, being a God Fearing woman, my happiest memories, making me wake up, calling me "pumpkin", though I'll never know why, taking me (or is that making me) go to church, "overly loving me" credit card(s), worrying about me, December 19th, letting me be and letting me

go, time-outs, paying for EVERYTHING, exercising smiling and saying, "Morning Sweetie" each day, naming me Jessica but calling me Jessie, and way too much more. You have a unique way of looking at the world and I hope some day to be like you. I Love You. Always. Mar & Charlie: It takes a village to raise a child to become independent and responsible person. You two along with my mother have been my village. I will always appreciate your love, support, and adoration. Thank for being who you are and loving me as I am always. Thank you more importantly for loving me as if I were your own. I am truly blessed to be a part of your family and having you for Godparents. The Grandparents: I love you all! Thank you for praying for me, teaching me how to be a polite Southern lady (Dear and Grandma Fawn), Psalm 23 (Grandma Williams), "I don't know, Bubby" (Granddaddy Godwin), Mason Jars, turnip greens, cornbread, and sugar, and our Asthma (Granddaddy Fant) and heartburn (Isaac). My Brothers: Don't you ever have me for a little sister? In any case, I love you both and realize how lucky I am to have both of you. Thanks for late night phone calls, putting me in closets, braiding my hair, hugs and laughs when I need them. Portia: you are 2 peas in a pod! The Picketts: You all are my heroes away from home and I love you dearly! You have made my stay at "Happy Hanscom" much better! Miss K. Jaelyn, and little Kamia: You guys are the next generation. I will look out for you, love you, and always be there if you refrain from calling me "Auntie" until I turn 18. First off, I have to thank my parents for all the support
 that they have given me. You guys have taught me many
 important lessons that I'll need for the "real world,"
 while also showing me nothing but love my whole life.
 Thanks for making sure I kept up on all my work and I
 behaved, and at the same time knowing that you could
 trust me. I swear I won't hurt the van anymore (or the
 garage). Thanks to my brothers Jason, Mike, and Chris.
 Jason, you always could keep me inline with car info, but
 I always had the ultimate advantage since I could drive.
 Maybe someday I will trust you with my car. Mike, thanks
 for holding up my arm when I dislocated my shoulder.
 I know spending your birthday holding my arm in place
 and sitting in the hospital with me wasn't ideal, but
 thanks for putting up with it anyway. Chris, thanks for
 being so different. Your weird dinner questions as well
 as your constant comparisons to Dewey always could
 make me laugh. Uncle Tom and Lisa, you two are the
 perfect mix of family and friends. I owe a lot to you guys.
 You've helped make going to the lake a very enjoyable
 time for me. Thanks for selling me my first car Uncle
 Tom, and then putting up with all the questions on how
 to fix it. Maybe some day I can make it up to you guys
 by babysitting for your kids. I also definitely owe a lot
 of thanks to my friends. Jen, thanks for putting up with
 me since sophomore year. It's nice knowing that I hav
 someone that will always listen to me and provide the
 best advice. You've been a huge help with me dealing
 with my shoulder problems. We've shared so many
 great moments throughout high school, and I hope that
 more are still to come. Nick, thanks for being another
 person that I could always talk to. You have been a huge
 help to me so many times. Thanks for coming up to NH
 all those times and not being scared off by an unfortunate

 for a long time. We had so many great times driving

First and foremost I would like to thank my parents for
 always being there for me, helping me through the
 hardest of times and putting up with everything I have
 done over the years. They are the single largest contribu-
 tors to everything that I have been successful in. Thanks
 to my mother for caring so deeply, picking me up at the
 hospital at 1:00 AM, and providing a good home. Thanks
 to my father for helping me with school and doing his
 best to ensure that I achieve. I would like to Dave for
 being as good a friend as one could ask for, being weird
 in 3rd grade, going biking with me, listening to Fear
 Factory and Self; through all the good times and bad you
 were always there. Dan, sorry for losing your bike, thanks
 for getting me into lacrosse, being my friend for all these
 years, telling me all of your fool-proof schemes in
 sophomore year, and all the good times we had. Hope
 the crapmaro doesn't die on you too soon. Matt, thanks
 for all the times at your house and across the street,
 getting me into cars, showing me Fear and Loathing, all
 of the nugs, and all the fire-starting back in the day. James,
 what can I say, I probably owe you the most. Thanks for
 all the rides, spotting me at the gym, letting me stay at
 your house (give me a cheeseburger!), hitting golf balls
 at midnight, suggesting that we go to First Night of 2001,
 blowing off your eyebrows, and putting up with all of
 the jokes that I made at your expense. Hope the epithet
 doesn't follow you into college, but that would be pretty
 funny. Thanks to Brian for all of the car talk, coining the

term BWAP, and for being goofy with me. Craig, thanks
 for the good times, parties, fishing at the gota, and card
 playing. 5-0! Teddy for keeping my ass in line at all the
 parties; I probably deserved most of it. Brian for
 continuing the legend of the house; you single handedly
 made freshman year fun. You're the king. Ashley for
 being there for advice and comfort, all of our philosophi-
 cal conversations and for talking in the Mustang. Sarah
 for being my first everything; I will never forget you.
 Don't forget to find me when you are 70 years old. Josh
 for giving me rides all the time and doing all of my
 schoolwork for the past two years; keep the BS flowing.
 Nancy, thanks for coming out and watching the stars with
 me, and in advance for all of the good times that I know
 we will have together. Bratton for all of the potatoes that
 we launched and all of that terrible music that you always

Parents-There are no words to describe how much you both mean to me. Mom-You're my best friend. When- ever I need someone you're always there with open arms. You're a perfect example of what every mother should be, plus much more. From the beginning you were always the one who volunteered for field trips, made cupcakes in ice cream cones for our birthdays, and always wanted to lend a helping hand. I hope someday when I have my own children, they will look up to and love me just as much as I do with you. I love you from the bottom of my heart and don't ever forget that. Dad- I can't begin to imagine how much stress and sleepless nights I have brought you. You have always been the one to push me to my limits, but also be the one to pick me up when I fall. Most of who I am is because of the countless hours you put into loving me. I know I can never be as good a basketball player as you, but I can at least try. Someday I will beat you one-on-one. Thank you for always opening up new options for me and proving that anything is possible if you really want it. I wouldn't trade you for all the money in the world. I love you, Dad. Ryan-Umm...lets see this is hard. I know for the most part we don't always get along, maybe someday (when you grow up) we can be good friends. It isn't easy being so close in age, but someday we will respect and be able to prove how much we do care for one another. Ant- man-"Daddy's little boy." For some reason I can always get along better with you. I think we are very much alike, even if you don't want to admit it. I can always count on you to make me laugh and take my side against Ryan. You are the coolest little brother. I hope someday, and I know that you will be BHS's #1 B-ball and football player. Stay away from the girls, they won't cause you anything but trouble. I love you-and I'm sorry for dropping you. Grandma and Papa- Thank you for always being there to support all of us. I love you and hope to visit you again in Florida for many years to come. I love you to the stars and back. Don't ever forget that! Leanne- We have been through so much. No matter what I can always count on you. You are the only person who understands me. First and foremost I must thank my mom. Thank you for the usual reasons, but also dealing with me. All of the last minute requests, all of the trips to Boston, Hanover and elsewhere that you were not given enough time to deliberate over. Thank you for everything you did but mostly for being everything: mother, friend, pal, and bee. It is only logical to follow mom with the elder brother. Thanks for all the photo advice, the connections that I started with at good old BHS and thank you for being a good brother. Sometimes annoying and most always inappropriate but constantly there if I need you, and I do. TARA: Though you will never read this (in all likelihood) thank you for being such a good person. Thank you for being such a good friend and treating me so well. Whatever it is that you decide I will always be here for you. MIKE: Thanks for constantly telling me (and everybody else) I am wrong. Also, I appreciate your humoring me when I give you all those dirty looks in all of our classes. MARK: Thanks for Chili's, but most importantly thank you for being silly!! MIKE DEEN: For the last minute physics review sessions you are owed thanks and also allowing me some escape from this place we call high school. STEVIE: Your constant humor and wit, and also acknowledging me in the hallway (in only took you four years). SARAH: You have been a good friend and I appreciate it. I wish we could have been better friends but in anything there are always problems. Also, thanks for going to the "concert" with me in New Haven J. MS. HENNESSY: Thanks for EVERYTHING. You made math enjoyable in more ways than one. Also for coining the phrase, "Oh Nelly!" ERIC: I am really not sure what to thank you for so thanks for NOTHING. Just kidding, Mac, you are a pain in the ass but you have your moments. JEEISE: For being my fashion counselor, relationship advisor and very good friend. There aren't many people in the world like "us" as you would say. Glad you live around the corner now. JOANNA: J, you are a good pal. You've always listened to me ramble on about God knows what and most people won't do that. Keep in touch. JR: Few people have the ability to make an impact the way you have. I consider you a teacher but also a friend. Call me when you make it to Beacon Hill. SHAMLIAN: You deserve the most thanks for letting me turn this in late.

Steven Shamlian

So many people I have to thank. Jesus! Well, that's a good start. Thanks to God for getting me through all of my troubled times, and for all of my successes. As much as I complain, I know I will miss everything I come home about. I will always be "Daddy's little girl," the one who doesn't play sports but stands on the sidelines and cheers. Kate Valente

Dearest Kate:

We are so proud of you, not for things that you have done, but for the person that you are and all the love and compassion and joy and strength you show us everyday. As you are graduating and moving on to a new, important and exciting time in your life, we'd like to offer you a few words of wisdom:

- ♦ Always remove your band-aids from your fingers before you make pixxa dough;
- ♦ It's Glover, not Blubber, Hospital;
- ♦ It's cipolla, not cibolli;
- ♦ And finally, remember - sometimes you're the windshield, sometimes your the bug.

Love always Mom, Jonathan and Bo-Ching

"...that I may learn in my own life and away from home and friends what the heart is and what it feels. Amen. So be it. Welcome, O life! I go to encounter for the millionth time the reality of experience and to forge in the smithy of my soul the uncreated conscience of my race."
